III. Tell us what particularly interests you in Wildlife Biology & Conservation, and why. Identify a specific unanswered question or conservation issue in that area. Tell us why it is intriguing and discuss reasonable approaches to addressing the question. Your write-up should total 250-300 words, and should be on a separate sheet. Note that the areas and questions you choose should be based on your interest and need not be related to work being pursued in NCBS or CWS. DO NOT copy off the internet or other sources, any plagiarism will be penalised.

IV. Is there anything else that you would like us to consider? For instance, do you have any field experience in wildlife research or conservation, either as a volunteer or employee? If so, please describe your work. Have you done some projects on your own or undergone any special training? Have you received any honors or awards that may be relevant? Use only the space below for answering this question.

V. Has there been any break in your academic career? If so give details.

VI. Are you appearing for your final year examination? If yes, when do you expect your results?
